TERMS AND CONDITIONS

Incorporation

The Request for Proposal and/or bid documents for this project and the vendor's proposal in response to the RFP or Bid together with any clarifications, attachments, appendices, or amendments of the State or the Vendor are incorporated into this Contract by reference as if fully set forth in this Contract.

Remedies upon Default

In any case where the vendor has failed to deliver or has delivered non-conforming goods and/or services, the State shall provide a cure notice. The notice to cure shall state the maximum length of time the vendor has to cure. If after the time period stated in the notice to cure has passed, the vendor continues to be in default, the State may procure goods and/or services in substitution from another source and charge the difference between the contracted price and the market price to the defaulting vendor. The State's Attorney General shall be requested to make collection from the defaulting vendor.

Force Majeure

Force majeure includes acts of God, war, civil disturbance and any other causes which are beyond the control and anticipation of the party affected and which, by the exercise of reasonable diligence, the party was unable to anticipate or prevent. These provisions of force majeure also apply to subcontractors or suppliers of the Vendor. Force majeure does not include financial difficulties of the Vendor or any associated company of the Vendor, or claims or court orders that restrict the Vendor's ability to deliver the goods or services contemplated by this Agreement. Neither the Vendor nor the State shall be liable to the other for any delay or failure of performance of this Agreement caused by a force majeure, and not as a result of the fault or negligence of a party.

Subcontractors

The successful vendor shall be responsible for all acts and performance of any subcontractor or secondary supplier that the successful vendor may engage for the completion of any contract with the State. A delay that results from a subcontractor's conduct, negligence or failure to perform shall not exempt the vendor from default remedies. The successful vendor shall be responsible for payment to all subcontractors and all other third parties.

Termination-Non-Appropriation

Notwithstanding any other provision of this contract, if funds anticipated for the continued fulfillment of this contract are at any time not forthcoming or insufficient, either through the failure of the State to appropriate funds, discontinuance or material alteration of the program for which funds were provided, then the State shall have the right to terminate this contract without penalty by giving not less than thirty (30) days written notice documenting the lack of funding, discontinuance or program alteration.

Immunity of State/Fed Agencies

The vendor shall defend and hold harmless the State and Federal funding source for the State of Iowa from liability arising from the vendor's performance of this contract and the vendor's activities with subcontracted and all other third parties.

Assignment

Vendors may not assign contracts or purchase orders to any party (including financial institutions) without written permission of the General Services Enterprise - Purchasing.

Anti-Trust Assignment

For good cause and as consideration for executing this purchase order, the vendor, through its duly authorized agent, conveys, sells, assigns, and transfers to the State of Iowa all rights, title and interest in and to all causes of action it may now or hereafter acquire under the anti-trust laws of the United States and the State of Iowa, relating to the particular goods or services purchased or acquired by the State of Iowa pursuant to the using State of Iowa agency.

Delivery and Acceptance

When an award has been made to a vendor and the purchase order issued, deliveries are to be made in the following manner.

A. Deliveries - All deliveries are to be made only to the point specified on the purchase order. If delivery is made to any other point, it shall be the responsibility of the vendor to promptly reship to the correct location. Failure to deliver procured goods on time may result in cancellation of an order or termination of a contract at the option of the State.

B. Delivery Charges - All delivery charges should be to the account of the vendor whenever possible. If not, all delivery charges should be prepaid by vendor and added to the invoice.

C. Notice of Rejection - The nature of any rejections of a shipment, based on apparent deficiencies disclosed by ordinary methods of inspection, will be given by the receiving agency to the vendor and carrier within a reasonable time after delivery of the item, with a copy of this notice to the General Services Enterprise - Purchasing. Notice of latent deficiencies which would make items unsatisfactory for the purpose intended may be given by the State of Iowa at any time after acceptance.

Delivery and Acceptance (cont)

D. Disposition of Rejected item - The vendor must remove at the vendor's expense any item rejected by the State. If the vendor fails to remove that rejected item, the State may dispose of the item by offering the same for sale, deduct any accrued expense and remit the balance to the vendor.

E. Testing After Delivery - Laboratory analysis of an item or other means of testing may be required after delivery. In such cases, vendors will be notified in writing that a special test is being made and that payment will be withheld until completion of the testing process.

Title to Goods

The vendor warrants that the goods purchased hereunder are free from all liens, claims or encumbrances.

Indemnification

To the extent that goods are not manufactured in accordance with the State's design, the vendor shall defend, indemnify and hold harmless the State of Iowa, the State's assignees, and other users of the goods from and against any claim of infringement of any Letter Patent, Trade Names, Trademark, Copyright or Trade Secrets by reason of sale or use of any articles purchased hereunder. The State shall promptly notify the vendor of any such claim.

Nondiscrimination

The vendor is subject to and must comply with all federal and state requirements concerning fair employment and will not discriminate between or among them by reason of race, color, religion, sex, national origin or physical handicap.

Warranty

The vendor expressly warrants that all goods supplied shall be merchantable in accordance with the Uniform Commercial Code, Section 2-314 and the Iowa Code, Section 554.2314.

WESTERN STATES CONTRACTING ALLIANCE
MASTER PRICE AGREEMENT
for
COMPUTER EQUIPMENT, SOFTWARE, PERIPHERALS AND RELATED SERVICES
LEXMARK INTERNATIONAL INC.

Number A63315

This Agreement is made and entered into by Lexmark International Inc., 740 West New Circle Road, Lexington, KY 40550, ("Contractor") and the Department of Administration ("State") on behalf of the State of Minnesota, participating members of the National Association of State Procurement officials (NASPO), members of the Western States Contracting Alliance (WSCA) and other authorized Participating States and Participating Entities.

RECITALS

WHEREAS, the State has the need to purchase and the Contractor desire to sell; and,

WHEREAS, the State has the authority to offer contracts to CPV members of the State of Minnesota and to other states.

NOW, THEREFORE, in consideration of the mutual promises contained herein, the parties agree as follows:

INTENT AND PURPOSE

The intent and purpose of this Agreement is to establish a contractual relationship with equipment manufacturers to provide, warrant, and offer maintenance services on **ALL** products proposed in their response to the RFP issued by the State of Minnesota. The Contractor may use subcontractors to provide the warranty and/or maintenance services; however the Contractor will be responsible for working with the equipment manufacturer on behalf of the Purchasing Entity and for the timeliness and quality of all services provided. No type of Lease transactions are allowed through this Agreement.

The Agreement is **NOT** for the purchase of major, large hardware or hardware and software offerings. In general, individual units/configurations should not exceed \$50,000 each. It is the expressed intent of some of the Participating States to set this level at not to exceed \$25,000 each. This **IS NOT** a restriction on how many units/configurations can be purchased, but on the value of each individual unit/configuration. Individual Participating States and Participating Entities may set specific limits in a participating addendum, with the prior approval of the WSCA Directors.

Contractors may offer, but participating states and entities do not have to accept, limited professional services related **ONLY** to the equipment and configuration of the equipment purchased through the Agreement.

1. Definitions

"Announced Promotional Price" are prices offered nationally to specific categories of customers (Consumer, Business or government) for defined time periods under predefined terms and conditions.

"Contract" means an agreement for the procurement of items of tangible personal property or services.

"Contract Administrator" means an individual appointed by the State to administer this Agreement on behalf of the State of Minnesota, the participating NASPO and WSCA members, and other authorized purchasers.

"Contractor" shall mean successful Responder who enters into a binding Master Price Agreement. The Contractor is responsible for all sales, support, warranty, and maintenance services for the products included in this Agreement. The Contractor must manufacture or take direct, non-assignable, legal responsibility for the manufacture of the equipment and warranty thereof. And specifically to this Agreement, "Contractor" shall mean Lexmark.

"Consumables" that are required for the operation of Equipment offered or supplied are included – printer toner cartridges, batteries, projector bulbs, etc. Consumables such as magnetic media, paper and generally available office supplies are excluded.

"CPV Member" is any governmental unit having independent policy making and appropriating authority, that is a member of Minnesota's Cooperative Purchasing Venture (CPV) program.

"CPV Program" The Cooperative Purchasing Venture (CPV) program, as established by Minn. Stat. § 16C.03, subd. 10, authorizes the Commissioner of Administration to "enter into a cooperative purchasing agreement for the provision of goods, services, and utilities with [governmental entities] ..., as described in section 471.59, subdivision 1." Based on this authority, the commissioner of Administration, through the Materials Management Division (MMD), enters into a joint powers agreement that designates MMD as the authorized purchasing agent for the governmental entity. It is not legal for governmental entities that are not members of the CPV program to purchase from a State contract. Vendors are free to respond to other solicitations with the same prices they offer under a contract, but that is not considered use of the "State contract price."

"Cumulative Volume Discount" means a contractual, cumulative, permanent volume discount based on dollars resulting from the cumulative purchases by all governmental purchasers for the duration of their Master Price Agreement.

"Documentation" refers to manuals, handbooks, and other publications listed in the PSS, or supplied with products listed in the PSS, or supplied in connection with services. Documentation may be provided on magnetic media or may be downloaded from the Contractor's web site.

"E-Rate" is a program sponsored by the Federal Communications Commission whereby educational and other qualifying institutions may purchase authorized technology at reduced prices.

"Educational Discount Price" means the price offered in a nationally announced promotion, which is limited to educational customers only, as defined by the Contractor.

"Energy Star®" is a voluntary energy efficiency program sponsored by the U.S. Environmental Protection Agency. The Energy Star program makes identification of energy efficient computers easy by labeling products that deliver the same or better performance as comparable models while using less energy and saving money. Energy Star qualified computers and monitors automatically power down to 15 watts or less when not in use and may actually last longer than conventional products because they spend a large portion of time in a low-power sleep mode. For additional information on the Energy Star program, including product specifications and a list of qualifying products, visit the Energy Star website at <http://www.energystar.gov>.

"Equipment" means workstations, desktop, laptop (includes Tablet PC's), and handheld (PDA) devices, servers, computing hardware, including upgrade components such as memory, storage drives, and spare parts.

"FCC" means the Federal Communications Commission or successor federal agency. In the event of deregulation, this term applies to one or more state regulatory agencies or other governing bodies charged to perform the same, or similar, role.

"General Price Reduction Price" means the price offered to consumer, business or governmental purchaser at prices lower than PSS pricing. General price reduction prices will be reflected in the PSS as soon as practical.

"ISO 14001" is the conformance standard within the family of ISO 14000 documents developed by the International Organization for Standardization (ISO) in Geneva, Switzerland. Similar in structure to the ISO 9000 quality management system standard, ISO 14001 outlines key requirements companies should comply with in order to operate in an environmentally responsible manner. Utilizing ISO 14001, companies can merge environmental programs into one coherent system to efficiently manage all environmental activities. In short, ISO 14001 provides organizations with a way to demonstrate to their customers that their environmental processes and impact are effectively managed, continually improving, and part of the corporate management system. For more information, please refer to www.iso.org.

"Lead State" means the State conducting this cooperative solicitation and centrally administering any resulting Master Price Agreement(s). For this solicitation, the Lead State is Minnesota.

"Mandatory" The terms "must" and "shall" identify a mandatory item or factor.

"Manufacturer" means the company that designs, assembles, and markets computer equipment including workstations, desktop computers, laptop (includes Tablet PC's) computers, handheld (PDA) devices, servers, printers, and storage solutions/auxiliary storage devices. The manufacturer's name(s) shall appear on the computer equipment. The Contractor shall provide warranty service and maintenance for equipment covered by this Agreement as well as a Takeback Program.

"Master Price Agreement" means the contract that MMD will approve that contains the foundation terms and conditions for the acquisition of Contractor's products and/or services by Purchasing Entities. The "master price agreement" is a permissive price agreement. In order for a Purchasing Entity to participate in a Master Price Agreement, the appropriate state procurement official or other designated procurement official must be a Participating State or Participating Entity.

"Materials Management Division" or "MMD" means the procurement official for the State of Minnesota or a designated representative.

"NASPO" means the National Association of State Procurement Officials

"Output Devices or Device" means Lexmark printers and Multi-function Products.

"Participating Addendum" means a bilateral agreement executed by the Contractor and a Participating State or political subdivision of a State that clarifies the operation of the price agreement for the State or political subdivision concerned, e.g. ordering procedures specific to a State or political subdivision and other specific language or other requirements. Terms and conditions contained in a Participating Addendum shall take precedence over the corresponding terms in the master price agreement. Additional terms and conditions may be added via the Participating Addendum. However, a Participating Addendum may not alter the scope of this Agreement or any other Participating Addendum. ***Unless otherwise specified, the Participating Addendum shall renew consecutively with the Master Price Agreement.*** One physically or digitally signed copy of each Participating Addendum shall be filed by the Contractor with the Contract Administrator within five (5) days after execution.

"Participating State" or "Participating Entity" means a member of NASPO (Participating State) or a political subdivision of a NASPO member (Participating Entity) who has indicated its intent to participate by signing an Intent to Participate, or who subsequently signs a Participating Addendum where required, or another state or political subdivision of another state authorized by the WSCA Directors to be a party to the resulting Master Price Agreement through the execution of a participating addendum.

"PDA" means a Personal Digital Assistant. Refers to a wide variety of handheld and palm-size PCs, and electronic organizers. PDA's usually can store phone numbers, appointments, and to-do lists. PDA's can have a small keyboard, and/or have only a special pen that is used for input and output. The PDA can also have a wireless fax modem. Files can be created on a PDA which are later entered into a larger computer. **NOTE: For this Agreement, all Tablet PC's are NOT considered PDA's.**

"Peripherals" include but are not limited to storage, output devices (including printers and multifunction network print/fax/scanner/copying devices), scanners, monitors, keyboards, cameras (digital and video used in conjunction with computing equipment), projectors, uninterruptible power supplies and accessories. Adaptive/Assistive technology devices are included as well as configurations for education. Peripherals may be manufactured by a third party, however, Contractor shall not offer any peripherals manufactured by another contractor holding a Master Price Agreement without the prior approval of the Contract Administrator.

"Per Transaction Multiple Unit Discount" means a contractual volume discount based on dollars in a single purchase order or combination of purchase orders submitted at one time by a Purchasing Entity or multiple entities conducting a cooperative purchase.

"Political Subdivision" means local public governmental subdivisions of a state, as defined by that state's statutes, including instrumentalities and institutions thereof. Political subdivisions include cities, counties, courts, public schools and institutions of higher education.

- A. The Contractor warrants that, to the best of its knowledge and belief, and except as otherwise disclosed, there are no relevant facts or circumstances which could give rise to organizational conflicts of interest. An organizational conflict of interest exists when, because of existing or planned activities or because of relationships with other persons:
- a Contractor is unable or potentially unable to render impartial assistance or advice to the State;
 - the Contractor's objectivity in performing the work is or might be otherwise impaired; or
 - the Contractor has an unfair competitive advantage.
- B. The Contractor agrees that if an organizational conflict of interest is discovered after award, an immediate and full disclosure in writing shall be made to the Assistant Director of the Department of Administration's Materials Management Division that shall include a description of the action the Contractor has taken or proposes to take to avoid or mitigate such conflicts. If an organizational conflict of interest is determined to exist, the State may, at its discretion, cancel the Agreement. In the event the Contractor was aware of an organizational conflict of interest prior to the award of the Agreement and did not disclose the conflict to the Contract Administrator, the State may terminate the Agreement for default. The provisions of this clause shall be included in all subcontracts for work to be performed, and the terms "Agreement," "Contractor," and "Contract Administrator" modified appropriately to preserve the State's rights.

Such consent shall not be unreasonably withheld. The Contractor shall give written notice to the State's authorized agent of such a possibility at least 30 days prior to the sale, transfer, assignment, or other disposition of this Agreement. Failure to do so may result in the Contractor being held in default. This consent requirement includes reassignment of this Agreement due to a change in ownership,

merger, or acquisition of the Contractor or its subsidiary or affiliated corporations. This section shall not be construed as prohibiting the Contractor's right to assign this Agreement to corporations to provide some of the services hereunder. Notwithstanding the foregoing acknowledgment, the Contractor shall remain solely liable for all performance required and provided under the terms and conditions of this Agreement. The Contractor may assign payments in accordance with specific provisions stated in a Participating Addendum.
